## Include Choices for Tickets

Mobile Pro and Bidsheet Pro users can add choices to admission tickets: meal choice, shirt size, select a teacher, etc.

3 Click me to view the Admission Tickets QRC

## Locate the ticket that needs a list of choices

Tickets \& Registration > Create \& Edit Tickets

From the Admission and other ticket types pane, either create a new ticket, clone an existing one, or choose to edit an existing ticket.
Check the Ticket includes choices box.

One "Admission Ticket" counts as 1 ticket.

Admission, dinner, bar, auction and raffle!

## Ticket

Display this ticket: 1 1st $\checkmark$ on the ticket purchase page.

## 2 Define the choices list

## Create a new options list ${ }^{\text {© }}$

Define the list of options/choices that will display with your ticket. Enter the list options below. Separate each list item with commas.
Please note: The list name is limited to letters (a-z) numbers ( $0-9$ ) and dashes and spaces.
*Required fields

Steak au Poivre,Portabello Ravioli,Pan Sauteed Branzino,Roast Duck
dinner choice

3 Assign the choices list to the ticket Enter a label your guests see on the ticket page and assign the correct choices list to the ticket. Click the Include this item button

```
Add ticket includes
```

Click the Create a new list button or choose an existing list name from the drop-down.

List name = like a file name Value = the list of choices for the ticket, separated by commas NO SPACES

## Guests make choices!
