- Notes:**
- (1) The 2.0% applies to the gross proceeds from your event.
 - Gross proceeds include proceeds from all auctioned items and donations.
 - Proceeds from ticket sales are excluded from the 2.0% fee calculation.
 - The 2.0% fee is capped at \$2000.00 for any single event.

NOTE: The fixed fee portion of the package price is paid only once per calendar year and you may have as many events using the same package as you wish in the same calendar year. The 2.0% fee is applied to the gross proceeds from EACH event and is capped at \$2,000 for any single event. (For example, if you raised \$10,000 from auctioned items, the 2.0% added fee would be \$200, if you raised \$100,000 the fee would be \$2000. Anything over \$100,000 raised, the 2.0% caps at \$2,000). Gross proceeds include proceeds from all auctioned items and donations recorded through online ticket sales or through the Auction Day page. Attendance ticket sales are excluded from the 2% variable fee.
