

## LANDSCAPE IMAGES WORK BEST!

### Are you taking the picture with your phone?

- Rotate phone horizontally (landscape mode)
- Check aspect ratio; be sure it is 4:3
- CLICK SHUTTER AND **DO NOT CROP OR RESIZE** IMAGES
- Save and upload as-is to your donation

## 4:3 ASPECT RATIO IS KEY!

### The photo was shared with me or stolen from the internet.

- Check the aspect ratio, is it 4:3 or 1024 x 768 pixels?
- Resize images that aren't the proper size or use the fix below

### Wrong size, shape, or ratio? Use a graphics app to fix it.

- Create a canvas sized at 1024 x 768 pixels
- Set canvas color to coordinate with your image
- Place the image onto the canvas and save

Example of wrong aspect ratio image placed on a 1024 X 768 canvas... creating perfect image to upload for your auction catalog!

**DONATION IMAGES** automatically upload to the **AUCTION ITEM**. When creating the auction item, you can select a top-level image for your catalog, or upload a new one instead.
